

Basis of recognition "The cause of the month"

At migranodearena.org we think that solidarity organizations play a key role in our society: they carry out a great job to improve the quality of life of the most vulnerable groups and, in addition, promote the collaboration of all their environment.

With the recognition "The cause of the month" we want to recognize the effort that NGOs and social entities make to act as a speaker for their cause and, in this way, encourage a large number of people to collaborate and, ultimately, build a society best.

What is the "Cause of the Month" award?

*It is the recognition of the cause published on **migranodearena.org** that receives the greatest number of donations during the month.*

How do you choose the cause of the month?

The cause of the month will be the one that has managed to mobilize more donors in the challenges open in their favor on migranodearena.org during the current month. This recognition may not be awarded twice in the same year to the same cause.

What is recognition?

The cause of the month will receive recognition through the channels of migranodearena to give maximum visibility to their good work. Migranodearena.org may request the corresponding "Cause of the Month" winning organization to use images of the solidarity challenges to publish them on its website / s or social networks or other channels, in order to inform about this Award . In this case, the entity will request the winner to use the corresponding images and the latter may only refuse when there are limitations for the use of the same that are derived from rights owned by third parties or other limitations of rights that prevent the authorization of their use.

Categories participating in the cause of the month:

The categories that participate in the award "The cause of the month" are the following: Education, culture and art, health and research, environment, international cooperation and socio-labor integration.

We encourage all causes to continue being a speaker!
